## Governor Elections

The nominations for the Staff Governor elections have recently been announced - these include volunteer Bill Davidson and Estates and Facilities employee Richard Hales. Hopefully you will have received your ballot by now, usually sent in email format as below. Please do use your opportunity to vote – voting closes on 3 June at 17.00. Our congratulations to Bill and Richard – good luck to you both.

“As a valued member of Cambridge University Hospitals NHS Foundation Trust, I have great pleasure in inviting you to take part in the 2019 election for members of our Council of Governors. As a staff member you can vote for one candidate, and a personal statement has been provided by each candidate for your consideration. To vote, please use the link which is unique to you and should not be forwarded on to anyone else. Electoral Reform Services is administering the Election to the Council of Governors on behalf of the Trust.

The Trust will be holding a Meet the Candidates event for all members on **Wednesday 15 May 2019** from 5.30pm to 6.15pm in the foyer of the William Harvey lecture theatre in the Clinical School at Addenbrooke’s Hospital. This provides the opportunity to speak informally with candidates on an individual basis about how they would represent you in the future. Please come along if you can.”

## Some information from Macmillan

Our colleagues at Macmillan Information Service would like to make volunteers aware of the National Cancer Registration and Analysis Service (NCRAS). This is a national service run by Public Health England that collects data about people with cancer in the UK.

This is just to inform you that we ask that volunteers do not advise patients or relatives on this. If patients ask for more information there is a leaflet in the volunteer services office, or you can advise them to go to [www.ndrs.nhs.uk](http://www.ndrs.nhs.uk) or <https://www.gov.uk/guidance/national-cancer-registration-and-analysis-service-ncras>. Alternatively, if patients wish to speak to a member of staff they can contact John Wortley, Cancer Information and Support Specialist on 01223 274421.
